DOCTOR'S APPOINTMENT VIDEO

Number of group members: 3 - 5 people

Format: Video recording

Duration: Approximately 5 min (longer if you are more than 5 people)

TOPIC:

In groups you are going to perform a doctor's appointment, in which one is the DOCTOR and the rest the PATIENTS. If you are more than two patients, each patient must have a different problema that the doctor would have to treat and solve.

PROCESS

- 1) **Decide** who will be the **DOCTOR** and who will be the **PATIENTS**.
- 2) **Each patient** must prepare **WHY** he/she is going to the doctor, trying to explain clearly **his/her problem**.
- 3) **The doctor** must prepare a **LIST OF THE QUESTIONS FOR EACH PATIENT**, which will vary depending on the patient's problem. The doctor will ask questions and also answer giving a **prescription** (receta) to the patient.
- 4) Make sure you use **vocabulary of the unit** and **modal verbs**. Remember this is a very **formal context**.
- 5) **PRACTISE THE INTERVIEW**. Your discourse must seem natural, convincing, and also take care of pronunciation, body position and voice.
- 6) **Record!** With a camera or your mobile phone, but make sure you can save it in a pen later!
- 7) **Hand in!** Save your file in the folder SPEAKING-3rd TERM of your classroom computer before deadline 31st May.
